References

 \label{marker} Set a marker for cross-reference, often of the form

\label{sec:item}.

Give section/body number of marker. \ref{marker}

\pageref{marker} Give page number of marker. \footnote{text} Print footnote at bottom of page.

Floating bodies

\begin{table}[place] Add numbered table. \begin{figure}[place] Add numbered figure. \begin{equation} [place] Add numbered equation. \caption{text} Caption for the body.
